Background: In order to establish an updated Student Code of Conduct that reflects current state and federal laws, attorneys representing the Washington State CTC System drafted a Model Student Conduct Code for schools to adopt as is or to customize to address the needs of their respective diverse student populations. Additionally, addressed in the Model Student Code is language around marijuana use, sale and possession on campus or on campus owned or controlled properties. A college committee comprised of strategic stakeholders met over a one-year period to review and modify the Model Student Code and is recommending that Edmonds Community College adopt the new Student Code of Conduct – Hearing Procedures WAC’s to replace the existing Disciplinary Procedures WAC’s which were last changed in 1994. The new WAC’s were vetted to various constituencies on campus (student leaders, Instructional Leadership, President’s Cabinet, Student Services Leadership Team, campus forum, etc.) for input and feedback. An open public hearing took place on April 10, 2015. There were no comments or statements in opposition of the new WAC’s at the hearing.

The proposed new Student Code of Conduct – Hearing Procedures WAC accomplishes the following: 1) Establishes a 21st Century-based Student Code of Conduct; 2) Streamlines policies and procedures; 3) Provides clearer language in addressing inappropriate behaviors and behavioral expectations; and 4) Strengthens the due process and outcomes for students.

Approval of the Student Code of Conduct – Hearing Procedures WAC Changes at the May 19, 2015 Board of Trustees meeting.

Nondiscrimination and Harassment Policy WAC Changes

Subject
Nondiscrimination and Harassment Policy – Washington Administrative Code (WAC) Changes

Background
The existing 132Y-300 WAC, Grievance Procedure for Sex Discrimination, has not been updated by Edmonds Community College since 1989. Updating is needed for the WAC to reflect best practices and proper legal language that reflects current state and federal laws, including compliance with Title IX and the Violence Against Women Reauthorization Act (VAWA). Attorneys representing the Washington State Community and Technical College system drafted a sample WAC for colleges to adopt as written or customize to address the needs of their respective campus populations.

The proposed new WAC for Edmonds Community College accomplishes the following: (1) updates protections for students and employees from discrimination and harassment; (2) clarifies complaint and appeal procedures for investigations; and (3) conforms to recent federal mandates for compliance under Title IX. In addition, centralizing investigatory and disciplinary functions provides more consistency in the process. Clarifying specific prohibited conduct provides better accountability and notification to students and employees. The changed procedures and appeal rights better comply with Title IX and VAWA requirements.

The new proposed WAC was vetted to various constituencies across the College to gather input and feedback. In addition, an open public meeting was held Friday, April 10, 2015, to gather public input regarding approval and adoption of this WAC, as well as for the proposed new WAC for the Student Code of Conduct-Hearing Procedures. Several college employees and one local media representative attended the hearing. A few questions were asked and answered, providing clarification; however, none of the parties in attendance requested revision or amendment to the proposed WAC changes.

Following approval and adoption of the proposed WAC code changes by the Board of Trustees, the College administration will file all required documentation with the Washington State Code Reviser’s Office to finalize the WAC code changes as drafted and presented for public comment and Board adoption. The WAC changes are expected to take effect July 1, 2015.

Recommendation
Approval of the Nondiscrimination and Harassment Policy WAC Changes at the May 19, 2015, Board of Trustees meeting.
WHEREAS, the existing 132Y-300 WAC, Grievance Procedure for Sex Discrimination, has not been updated by Edmonds Community College since 1989, and

WHEREAS, updating is needed to incorporate best practices and proper legal language that reflects current state and federal laws, including compliance with Title IX and the Violence Against Women Reauthorization Act (VAWA), and

WHEREAS, the proposed WAC was vetted to various constituencies across the College to gather input and feedback, and an open public meeting was held Friday, April 10, 2015 to gather public input regarding approval and adoption of this WAC,

NOW, THEREFORE BE IT RESOLVED that the Board of Trustees of Edmonds Community College approves the new Nondiscrimination and Harassment Policy, WAC 132Y-300, as presented to the Board of Trustees for consideration, and directs the College President to file all required documentation with the Washington State Code Reviser’s Office to finalize the WAC changes to take effect July 1, 2015.

**Student Center Maintenance and Operation (M&O) Fee**

The Associated Students took action to assess themselves a Student Center M&O Fee. The fee was instituted in 2005-06 to support a dedicated fund for the M&O of the student center. Currently, the State does not automatically fund M&O of buildings constructed with Certificates of Participation (COP). This fee ensures a dedicated revenue source toward the operation of the student center.

Background

2015-16 College Operating Budget

Subject
First consideration of the 2015-16 College Operating Budget.

Background
The current legislative session is still under way, heading into special session(s) to continue working toward a final compromise budget. Early indications suggest there will be no tuition increase this year and so far, I see no major changes to the operating budget allocation. However, there are still bills in play that could have some impact, for good or bad, and until this is fully played out we will not have solid numbers with which to work.

With so many moving pieces still unresolved, we can only create a preliminary budget based on the information we already have and make some assumptions about possible legislative budget decisions yet to be made.

Because of this uncertainty, the numbers we have at this point are subject to further change between now and June 2015.

Enrollment has continued to decline this past year, when compared to the prior year, and our College is now just below our allocation targets. This does not have an immediate effect on our state allocation, but is a trend we are monitoring and addressing through a strategic enrollment management committee who is developing our college outreach plan. Fortunately, strong enrollment in International Programs and in Grants and Contract revenue, combined with conservative budgeting of projected revenue, have compensated for reduced tuition and excess enrollment revenue. Consequently, while the specific mix of these other revenue sources budgeted for this next year will shift a bit, we still feel confident that Other Revenue in Support of the Operating Budget remains solid. This has been, and continues to be, a significant competitive advantage for our college.

The budget actions that the College has taken in the last several years, combined with continued strong performance from our other revenue sources, have positioned the College to meet this year's budgeting challenge, based on what we know so far. The College will budget as much revenue from tuition, grants and contracts, and international shared funding as appears to be reliably sustainable, while conservatively modeling enrollment projections to include a further possible 3-5% decline this next year.

Upon completion of the current legislative budgeting process, the College will adjust our final 2015-16 budget proposal as necessary for presentation, review, and approval at the June Board of Trustees meeting.
Background

2015-2016 International Contract Program

Subject
Consideration of the 2015-2016 International Contract Program

Background
In September 2007, SBCTC gave the Colleges guidelines on how to continue or terminate the international contract program. This resulted from requests made by several colleges intending to convert their international contract enrollments to state supported enrollments. The basis for these guidelines is provided by RCW 28B.50.140 (17) and WAC 131-32-020(1) that delineates a “shared funding” concept for colleges who opted to continue with the international contract program. Other existing provisions of State Board policy (Sections 4.70.30 and 5.90.50) for International Contract programs remain unchanged. Thus, Colleges who continue its International Contract program were required to:

1. Contract with third party that has been approved by the State Board staff and as to form by the college’s AAG and include the following.
   a. Substantive action on the part of the contractor
   b. Estimated number of students to be served and the fees to be charged
   c. Budget demonstrating revenues from the program will cover the full cost of instruction including both direct and indirect costs
2. District board had to adopt a resolution stipulating that the International Contract program would be supporting additional courses that would otherwise not be offered within current state funding levels.
3. By July 1, 2008, each college seeking to continue an International Contract program had to submit to SBCTC a copy of the proposed contract district board resolution as described in 2 above.
   These steps were taken by the board in 2008.

By July 1 of each year beginning in 2009, each college seeking to continue its International Contract program must submit to SBCTC at minimum, documents updating enrollment estimates, revenue projections and program budget estimates as well as a currently approved district board resolution as described in 2 above.

The College has chosen to continue its International Contract program within the “shared funding” model provided by SBCTC; and will continue with its existing contract with the Edmonds Community College Foundation for these services. A draft of the enrollment and budget estimates are available upon request.

Recommendation
The staff of Edmonds Community College recommends that the Board of Trustees adopt the resolution approving the 2015-2016 International Contract program at the June 2015 meeting of the Board of Trustees.
