Licensed Practical Nursing (LPN) Program:
Science Series Guidelines

**CHEM&121 (5 credits)**
*Introduction to Chemistry*
Prerequisite: Placement into both Math 87/97, 90 and ENGL&101 (or completion of ENGL 100 with a 2.0 or higher). Any Quarter

**MATH 87 (90, 97) (5 credits)**
*Intermediate Algebra*
Prerequisite: Placement into Math 87/97, 90 (or completion of Math 080 with a 2.0 or higher). Any Quarter

**BIOL&211 (5 credits)**
*Majors Cellular*
Prerequisite: Completion of MATH 87/97, 90 and CHEM& 121 with a 2.0 or higher; AND, placement into ENGL&101. Fall, Winter, Spring (evening section also offered in Spring)

**ENGL&101 (5 credits)**
*English Composition I*
Note: ENGL&101 must be completed with 2.0 or higher prior to taking BIOL& 241 and 242. Any Quarter

**BIOL&241 (5 credits)**
*Human Anatomy and Physiology Part I*
Fall, Winter, Spring (evening section also offered in Fall)

**BIOL&242 (5 credits)**
*Human Anatomy and Physiology Part II*
Winter, Spring, Summer (evening section also offered in Winter)

**NUTR&101 (5 credits)**
*Human Nutrition*
Prerequisite: Completion of CHEM& 121 with a 2.0 or higher; AND, placement into MATH 87/97, 90 and ENGL&101. Spring, Summer, Fall, Winter (online only)

Notes:

This is not an official planning sheet and should be used only to indicate the science sequence.

Please see an advisor each quarter and use this document in conjunction with a program requirement sheet. Class offerings are subject to change.

The LPN program will accept either 5 or 6 credit science courses and Intermediate Algebra courses with course numbers in the 80's and 90's. Please check with adviser for course equivalences.

**Not an admissions requirement for Edmonds CC’s LPN program. Complete before third quarter in LPN program.**
