Winter classes start Jan. 6.
FROM THE PRESIDENT

You Are Welcome Here

Inspiring excellence. Every day.
At Edmonds CC, we're committed to inspiring excellence – every day. We do this by creating opportunities for you to challenge yourself and exceed your expectations. Whether through classroom instruction, support services, or student activities, helping you create a foundation for your success is our priority.

University campus in your neighborhood
We've proudly partnered with Central Washington University since 1975. CWU-Lynnwood has been co-located on our campus for the past 44 years in order to provide greater access to continued education for bachelor's degree seeking students. You can complete your associate's degree at Edmonds CC and your bachelor's at CWU-Lynnwood – all conveniently in your neighborhood.

Growing to meet demand
To meet local industry and economic demand for graduates trained in STEM, or Science, Technology, Engineering, and Mathematics, we'll be opening a new 70,000-square-foot STEM and Nursing building in fall 2020. We currently offer 64 programs of study in STEM fields and look forward to being a regional hub for those who want to pursue STEM degrees.

We'll also be opening Triton Court, our second residence hall, in fall 2020. We've provided housing for students for more than 40 years and have housed more than 35,000 students to date with convenient, safe, and affordable on- and off-campus housing.

We are dedicated to student success and to the mission of the college: Teaching, Learning, Community. If you choose to pursue your academic goals at Edmonds CC, we'll be with you every step of the way as you discover the path to your greatest potential.

Dr. Amit B. Singh
Edmonds CC President
